2. Supplementary health insurance

2.1 Physiotherapy/Manual therapy/Remedial therapy (Cesar/Mensendieck) including screening

What will be reimbursed?				
ZorgBasis	ZorgBewust	ZorgGoed	ZorgBeter	ZorgBest
3 treatments per calendar year	6 treatments per calendar year	9 treatments per calendar year	12 treatments per calendar year. There is no personal contribution for the first 9 treatments. A personal contribution of € 5 per treatment applies for the 10th to 12th treatment	12 treatments per calendar year, of which up to 12 manual therapy treatments. There is no personal contribution for the first 9 treatments. A personal contribution of € 5 per treatment applies for the 10th to 18th treatment

Terms and Conditions:

- If you go to a non-contracted practitioner, we will reimburse up to 75% of the average contracted rate.
- Treatment will be carried out by a (paediatric) physiotherapist, psychosomatic physiotherapist, Cesar/Mensendieck (psychosomatic) remedial therapist, pelvic therapist, oedema therapist, manual therapist or geriatric physiotherapist.
- The treatment must be medically effective.
- Scar therapy and oedema therapy may also be provided by a skin therapist.
- Screening does not count towards the number of treatment sessions.
- The treatments may also take place in another EU, EEA and/or treaty country. It will not be necessary for you to make an application to us for this. The conditions of this specific article will remain in effect.
- When a treatment is performed at a location other than the healthcare provider's practice, e.g. at home or in an institution, this requires a statement from a general practitioner or medical specialist from which it is evident that there is a medical necessity for the treatment at home or in an institution. This only applies if you go to a non-contracted physiotherapist or remedial therapist.

Explanation:

- You are also entitled to a maximum of three additional digital appointments per calendar year via the Zorg voor jezelf app. Please refer to Article 2.9 for more information.
- If your condition is listed in Appendix 1 to the Healthcare Insurance Decree, the costs will be reimbursed under the basic insurance policy commencing from the 21st treatment. Appendix 1 to the Healthcare Insurance Decree and the list of contracted healthcare providers are available on zorgzoeker.asr.nl.
- For some conditions, a number of treatment sessions qualify for direct reimbursement under your basic insurance. See the terms and conditions of the basic insurance for a list of the eligible conditions.
- The policy excess may apply to the reimbursement under the basic insurance.
- We do not reimburse the costs of manual therapy provided by an alternative healer or alternative therapist.

2.2 Non urgent medical care abroad

General:

- In the event of emergency care, please contact our SOS International emergency service for advice and mediation services. You can call them on +31 (0)20 651 51 51
- (available 24 hours a day).
- You must apply for non-urgent care from us in writing in advance via our Abroad application form, which is available on asr.nl/verzekeringen/zorgverzekering/zorg-in-het-buitenland. You will require our prior written permission for this type of care. There are several exceptions for which it will not be necessary to submit an application to us. These exceptions are:
 - -Physiotherapy, manual therapy and remedial therapy (Cesar/Mensendieck) including screening (see Article 2.1 for the specific conditions applicable);
 - Orthodontics (see Article 2.6 for the specific conditions applicable).
- For more information on care abroad and our 'Care Abroad' brochure, please visit asr.nl/verzekeringen/zorgverzekering/zorg-in-het-buitenland.

Terms and Conditions:

- We will only reimburse medical care if the treatment would also be reimbursed in the Netherlands under the insurance policy.
- Payment will be made in the Netherlands in Dutch legal tender, taking into account the rate of exchange applicable on the date that the claim is accepted for processing by the health insurance company. We apply the exchange rates listed on oanda.com.
- You must submit the discharge letter and invoice in Dutch, German, English, French or Spanish. If the discharge letter and invoice have been provided to you in any other language, it is your responsibility to provide us with a translation produced by a certified translator. If and for as long as the invoice is not made out in one of those languages or no translation by a certified translator is provided, the invoice will not be processed. The right to reimbursement will be void after three years.

Physical therapy

What will be reimbursed?				
ZorgBasis	ZorgBewust	ZorgGoed	ZorgBeter	ZorgBest
A maximum of three additional digital appointments per calendar year via the Zorg voor jezelf app.	A maximum of three additional digital appointments per calendar year via the Zorg voor jezelf app.	A maximum of three additional digital appointments per calendar year via the Zorg voor jezelf app.	A maximum of three additional digital appointments per calendar year via the Zorg voor jezelf app.	A maximum of three additional digital appointments per calendar year via the Zorg voor jezelf app.

Terms and conditions:

- You will work (digitally) to remedy or prevent complaints with an exercise programme and/or advice from a physiotherapist.
- The exercise programmes are suitable for mild and/or common complaints of the musculoskeletal system. Before you start an exercise programme, you will need to complete a short questionnaire. This is to determine whether the severity of your complaints is too great for you to do exercises independently. If it turns out that you are in too much pain or your symptoms may indicate a more serious condition, you will be asked to consult your regular healthcare provider (GP).
- You can also use the app to schedule an appointment with a physiotherapist. You will then discuss your question or complaint via a video call. These "digital appointments" allow you to receive personalised advice about your situation. If, during this (video) call, the physiotherapist determines that you would be better off being seen in person, they will recommend that you make an appointment with your own GP or physiotherapist.

Explanation:

- Based on the information you enter about your complaint, the app suggests a suitable exercise programme. You can choose to perform exercise programmes with camera support. Once you have agreed, you can let the app "watch" via the camera on your smartphone, tablet or laptop. The camera tracks your movements, after which you receive immediate feedback on the correct execution of the movements. The aim of the digital treatments is to avoid a visit to a regular physiotherapist.
- Digital appointments are not a substitute for regular physiotherapy. Digital appointments are ideal for quick, personalised advice at a time that suits you. If possible, the physiotherapist will recommend exercises during a video call so that you can prevent or remedy complaints yourself, thereby eliminating the need to visit a regular physiotherapist.
- The additional appointments are in addition to the regular physiotherapy treatments to which you are entitled in accordance with Article 2.1.

4. Modules

4.1 Glasses and contact lenses

We offer a choice of two different glasses and lenses modules with different levels of reimbursement. With the glasses and lenses modules, you will receive reimbursement for glasses or lenses **exclusively at Pearle Opticians and GrandOptical**. You pay a separate monthly premium for our glasses and lenses modules.

	Glasses & Contact Lenses module 100 Pearle & GrandOptical	Glasses & Contact Lenses module 200 Pearle & GrandOptical
Annual reimbursement	€ 100 (once per calendar year)	€ 200 (once per calendar year)

Lenses - packages	Six-month or annual package: soft daily, weekly or monthly lenses	Annual package: soft daily, weekly or monthly lenses
Age	From 18 years	From 18 years

On top of that, you will also qualify for any discounts granted by Pearle or GrandOptical themselves.

This is how it works

- This module is subject to a separate premium payment.
- Simply drop by at one of the Pearle or GrandOptical stores in the Netherlands (over 450 branches).
- Choose an annual or six-month contact lenses package or a full set of glasses with thin lenses. Only one lens or only a frame are not eligible for reimbursement.
- Each calendar year, you will receive the total reimbursement for the module you have chosen on the purchase amount at the cash register at Pearle or GrandOptical.

Conditions

- You must be at least 18 years old.
- The reimbursement will be granted once per calendar year and only at Pearle or GrandOptical stores.
- You will receive the reimbursement when paying at the till. This means that you will not have to submit your receipt to apply for reimbursement.
- If the costs of your glasses or lenses are lower than the reimbursement amount, you will not receive any cash back at the till. The remaining amount cannot be saved or carried over to the following year.
- The reimbursement for glasses at GrandOptical applies to a minimum of a Smart lens package. If you opt for the Easy lens package, you will receive a €75 reimbursement on your glasses instead of € 100, or a € 150 reimbursement instead of € 200.
- The following applies at Pearle:
 - Glasses and lenses module 100: minimum Silver lens package. If you opt for the Basic or Bronze lens package, you will receive a € 75 reimbursement for your glasses instead of € 100.
 - Glasses and lenses module 200: minimum Gold lens package. If you opt for the Basic, Bronze or Silver lens package, you will receive a € 150 reimbursement instead of € 200.

Exclusions

The reimbursement does not apply to:

- Individual lenses or individual frames
- Individual purchases of lenses (i.e. not a package)
- hard lenses, annual lenses and night lenses
- lenses via the Pearle or GrandOptical lens subscription
- lens solution
- Children’s glasses
- Meta AI Glasses; Ray-Ban Authentic and Stelless glasses and Alain Mikli

- If you choose the Easy lens package at GrandOptical, you will receive a € 75 reimbursement for the € 100 module, or €150 for the € 200 module.

4.2 Physio and Dental accident coverage

What is the Physio & Dental Accident coverage?

With a.s.r.’s Accident coverage for Physio & Dental, you are covered for extra medical costs up to € 20,000 after an accident. These are costs that are not covered by your basic insurance or supplementary insurance.

Coverage

What will be reimbursed?

- Up to € 20,000 in healthcare costs for one accident per calendar year.
- 100% for care provided by a contracted healthcare provider for physiotherapy/manual therapy/exercise therapy (Cesar/Mensendieck), including screening.
- Are you going to a non-contracted healthcare provider? Then we will reimburse up to 75% of the average contracted rate.
- 100% for dental costs in the event of damage to your teeth (including dentures and implants).

Reimbursement conditions

- You will be reimbursed for healthcare costs up to a maximum of:
 - The agreed rate agreed with contracted healthcare providers;
 - The maximum rate set at that time by the Healthcare Market Regulation Act;
 - We will only reimburse the costs of restoring the damage to a condition and function comparable to the condition and function prior to the accident. There is no entitlement to an improvement in this condition and function.
 - For example: if you have suffered dental damage but are already missing a number of teeth, we will not reimburse the replacement of teeth that you were already missing.
 - If the entire amount is not used in the event of an accident, the remainder of the amount cannot be used in the event of a second accident in the same calendar year.
 - If the entire amount is not used for this first accident in the calendar year of the first accident, the remainder of the amount can be used in the following calendar year, provided that the person entitled to it is also entitled to the Physiotherapy & Dental Accident Cover in that (following) year. In this subsequent calendar year, we will first claim any reimbursement under your basic insurance or supplementary insurance for that year.
 - The accident may have occurred abroad. However, this insurance does not cover the costs of care abroad, but only covers the costs of the care you need afterwards in the Netherlands.
 - Would you like to be sure that you are also fully covered abroad for accidents and emergency care worldwide? Then choose the Abroad Module.
- Please note:** This Accident Cover Physiotherapy & Dental is included in the Abroad Module (Article 4.3).
- You will only be reimbursed for healthcare costs under the Accident Cover Physiotherapy & Dental if these costs are not covered by your basic insurance or supplementary insurance and you meet all the conditions set out in the articles, unless otherwise stated. If the accident was caused by a third party, we will recover (part of) the costs from the third party.
 - To determine the reimbursement, we look at the year in which the accident occurred.
 - Do you live abroad? Then we will reimburse your costs if:
 - the accident occurred in your country of residence or in the Netherlands. In this case, we will never pay more than we would pay for the same care in the Netherlands.
 - Do you live in the Netherlands? This insurance does not cover the costs of care after an accident abroad, but only covers the costs of the care you need afterwards in the Netherlands, unless:
 - you live less than 50 kilometres from the healthcare provider's practice in Belgium or Germany and have an accident no further than 50 kilometres from your home address. In this case, we will never pay more than we would reimburse for the same care in the Netherlands. We calculate the distance using the Google Maps route planner, based on the fastest usual route.
 - The medical care was provided by professional healthcare providers.

Conditions for reimbursement Physiotherapy:

- Treatment and screening are carried out by a physiotherapist, Cesar or Mensendieck exercise therapist, pelvic therapist, oedema therapist, manual therapist or geriatric physiotherapist contracted by us.
- We also reimburse the personal contribution of € 5 per treatment for ZorgBeter (10th to 12th treatment) and ZorgBest (10th to 18th treatment).
- If you go to a non-contracted healthcare provider, we will reimburse up to 75% of the average contracted rate.
- Treatment must be medically effective.
- For treatment at a location other than the healthcare provider's practice, for example at home or in an institution, a statement from a general practitioner or medical specialist is required, demonstrating the medical necessity for treatment at home or in an institution. This only applies if you visit a non-contracted physiotherapist or exercise therapist.

Explanation of physiotherapy reimbursement:

- If your condition is listed in Appendix 1 of the Health Insurance Decree, the costs will be reimbursed under the basic insurance from the 21st treatment onwards. Appendix 1 of the Health Insurance Decree and the list of contracted healthcare providers can be found at zorgzoeker.asr.nl.
- There are conditions for which a number of treatments are reimbursed directly under the basic insurance. For these conditions, please refer to the terms and conditions of the basic insurance.
- An excess may apply to the reimbursement under the basic insurance.

Conditions for dental costs:

- You are treated by a dentist, dental prosthetist, oral surgeon or dental hygienist.

We do not reimburse:

- Orthodontics or related costs and treatments.
- Consultation for periodic check-up C002.
- Treatments related to a dental subscription.

Explanation of dental costs:

A list of procedures (codes) and rates can be found at allesoverhetgebit.nl

What is considered an accident?

An accident is a sudden, unintentional and unforeseen event in which the impact of an external cause leads to physical injury, without deliberate violence or food poisoning. The injury must be objectively determined by a doctor and can be linked to the accident. If we have any doubts about this, we may ask you to send us additional information to explain this.

An accident that meets the above requirements also includes:

- Internal injury or poisoning due to the unintentional ingestion of a substance or object (not allergens or germs).
- Contamination or poisoning due to an involuntary fall into water or other substances, or during a rescue attempt.
- Injuries due to frostbite, burns, drowning, suffocation, sunstroke, heatstroke, lightning strikes, electric shocks or corrosive substances.
- Injury due to disasters such as starvation, thirst, exhaustion or isolation due to an avalanche.
- Muscle tear, sprain or dislocation (except in dangerous sports).
- Complications or aggravation of injury due to first aid or necessary treatment by a qualified doctor.
- Wound infection or blood poisoning due to injuries sustained in the accident.
- Infection with HIV through blood transfusion or injection in a hospital, provided that this was prescribed and carried out by a qualified doctor/nurse.

Exclusions

What is not considered an accident and what do we not reimburse?

- Replacement or damage to glasses or contact lenses and hearing aids.
- Your excess and personal contribution.
- Treatments that took place more than 12 months after the accident.
- Accidents that occurred before the start date of the Physiotherapy & Dental Accident Cover.
- Accidents that occur as a result of deliberate or reckless behaviour on your part or on the part of one of the other insured persons on your policy. Or by someone else who has an interest in the Physiotherapy & Dental Accident Cover. What is deliberate behaviour?
 - you do something with the aim of having an accident;
 - an action by someone who has an interest in this Physiotherapy & Dental Accident Cover. The accident is then the intended or certain consequence of that action.
- Eating, chewing or drinking food (such as sweets, nuts): damage to the teeth as a result of this is excluded.
- Foreseeable damage to teeth, such as:
 - Opening bottles with your teeth;
 - Chewing on hard objects;
 - Not wearing dental protection during high-risk sports;
 - Damage caused by illness.
- Improvements to the condition/function of teeth are not covered, only restoration to their original condition.
- Replacement of teeth that were already missing before the accident.
- Intentional or reckless behaviour by you or someone with an interest in the cover.
- Accidents during sports without taking precautions (such as not wearing a helmet or mouth guard).
- Regular sports injuries (such as hamstring injuries, whiplash) that do not involve an accident.
- Accidents caused by excessive alcohol consumption (>0.8 per mille).
- Accidents caused by drug use, unless prescribed by a doctor.
- Accidents that are already covered by other legislation or insurance.
- Accidents at work: costs must be recovered from the employer/client.

- Accidents during dangerous sports. By this we mean:
 - Car and motor sports: All car and motor sports and all sports that take place on a race track;
 - Mountain sports: Abseiling, bouldering, sport climbing, yetiballing;
 - Air sports: Base jumping, bungee jumping, catapulting, death ride, delta flying, fly by wire, formation jumping, hang gliding, parachuting, paragliding, parapenting, parasailing, skydiving, skysurfing, stunt flying, ultralight flying;
 - Martial arts: All martial arts such as Eastern martial arts, (kick)boxing, wrestling, etc.;
 - Water sports: Jet skiing, powerboat or offshore racing, freediving, jet boating, skyboating, solo sailing (not on inland waters), tubing, wreck diving, sea canoeing (without expert supervision), cliff jumping, cave diving;
 - Winter sports: Bobsleighting, monoskiing, ice diving, ice hockey, tobogganing, freestyle skiing, paraskiing, skeleton, skijoring;
 - Other sports: Dangerous/extreme sports, such as kite buggying, rugby, freerunning.

How do you claim a bill?

Before you can claim bills for accident cover, you must first submit an application. You can do this via asr.nl/verzekeringen/zorgverzekering/machtiging-aanvragen. Once we have received the form, we will send you a response to your application.

You must submit the original invoices for your healthcare costs to us within three years (calculated from the date of the accident). These invoices must be submitted in such a way that we can determine which costs we are required to reimburse without further enquiry.

How to claim a bill online:

- Go to mijnzorg-ikkieszelf.asr.nl if you have an Ik kies zelf van a.s.r. policy
- Go to asr.nl/verzekeringen/zorgverzekering if you have an a.s.r. policy
- Log in with your Mijn Zorg van a.s.r. details
- Scan the invoice and attach it
- Send the invoice

Or:

- You can also easily claim your invoices via your smartphone. This is possible with the a.s.r. Zorg App for your Android or iPhone device.

You can read more information about claiming at: asr.nl/verzekeringen/zorgverzekering/zorgkosten-declareren.

4.3 Abroad (including Physio & Dental accident coverage)

What is the Abroad module?

With the Abroad module you are insured for urgent care abroad. It concerns the costs that are not reimbursed by the basic insurance and your supplementary insurance.

Please note: the Abroad module includes the Physio & Dental accident coverage mentioned above (Article 4.2).

What is reimbursed abroad?

Emergency care in the EU, EEA or in a treaty country

What will be reimbursed?

100%

Terms and Conditions:

- You have had an accident or have contracted an acute illness during a temporary stay abroad (the care should not have been the purpose of your trip).
- If you require emergency care, you should immediately contact or have someone contact SOS International. You can call them on +31 (0)30 257 35 75. The SOS International physician will act as our medical consultant.
- Reimbursement of costs not covered in full by the basic insurance. The reimbursement under the basic insurance will be deducted from this.

Explanation:

- By emergency care we mean care that cannot be foreseen in advance and results from an acute illness or accident requiring immediate medically necessary assistance that cannot reasonably be delayed.

Emergency care in other parts of the world

What will be reimbursed?

100%

Terms and Conditions:

- You have had an accident or have contracted an acute illness during a temporary stay abroad (the care should not have been the purpose of your trip).
- If you require emergency care, you should immediately contact or have someone contact SOS International. You can call them on +31 (0)30 257 35 75. The SOS International physician will act as our medical consultant.
- Reimbursement of costs not covered in full by the basic insurance. The reimbursement under the basic insurance will be deducted from this.

Explanation:

- By emergency care we mean care that cannot be foreseen in advance and results from an acute illness or accident requiring immediate medically necessary assistance that cannot reasonably be delayed.

SOS Assistance

What will be reimbursed?

100%

Explanation:

- SOS International provides travellers with illness or accident assistance 24 hours a day, 7 days a week. You can call them on +31 (0)30 257 35 75. Medical travel assistance can be requested via sosinternational.nl/op-reis-en-hulp-nodig/. You will receive a response within 15 minutes.

How is reimbursement determined?

- Care costs of the Abroad module will only be reimbursed if these costs are not covered by your basic insurance or supplementary insurance and you meet all the conditions listed in the articles, unless otherwise indicated. If the accident was caused by a third party we will recover (part of) the costs from the third party.
- Costs that fall under the deductible of the health insurance will not be reimbursed.
- Do you live abroad? Then we will reimburse your costs if:
 - the accident took place in your country of residence or the Netherlands. In this case, we will never pay more than we pay for the same care in the Netherlands.
- Do you live in the Netherlands? Then we do not reimburse the non-urgent healthcosts of an accident abroad, unless:
 - you live less than 50 kilometers from the healthcare provider's practice in Belgium or Germany and suffer an accident no further than 50 kilometers from your home address. In this case, we never pay more than we reimburse for the same care in the Netherlands. We calculate the distance according to the Google Maps route planner using the fastest usual route.
- The medical care was provided by professional care providers.

What is your maximum reimbursement?

You will be reimbursed for healthcare costs up to a maximum of:

- The agreed rate agreed with contracted healthcare providers.
- The maximum rate set at that time by the Wet Marktordening Gezondheidszorg.
- Or the maximum rate determined by us.

5. General terms and conditions

We will not provide any reimbursement:

- If you have deliberately provided incorrect details, for instance upon commencement of your insurance, when submitting claims (bills) or by failing to inform us about important changes.
- If healthcare costs or repatriation costs are already reimbursed on the basis of a law, regulation or other (special) insurance policy, whether or not of an older date, or would be covered by another insurance policy if this insurance policy did not exist. If this is the case, we will only reimburse the healthcare costs if you are no longer eligible for reimbursement under that other scheme or insurance policy. And we will only reimburse the amount above the maximum reimbursements under the other schemes or insurance policies.
- If you qualify for reimbursement pursuant to the Long-Term Care Act (Wet langdurige zorg, Wlz).
- You will only be entitled to reimbursement if you receive the care during the period you are insured by us.
- We will not reimburse any costs of care incurred in the period prior to your insurance with us. This will be determined on the basis of the date on which the treatment or medicine was provided.
- We do not reimburse the costs of consultations, treatments, medicines or medical aids that are granted, prescribed or provided by an insured party for him or herself or within a family by a family member for an insured party, unless we have given prior permission for this.

Neither do we reimburse:

- personal contributions pursuant to the Wlz or personal contributions toward national screening programmes;
- treatments contrary to the Population Screening Act (Wet op Bevolkingsonderzoeken);
- the costs of:
 - cell therapy;
 - missed appointments;
 - examinations and statements other than in the context of sports medical examinations and sports injury consultations;
 - physio fitness and medical fitness training, under the supervision of a physiotherapist or otherwise;
 - the costs caused by or associated with wilful damage or nuclear reactions.

What do we reimburse in the event of damage due to terrorism?

Under this insurance policy, any damage or loss due to terrorist acts is covered by the Dutch Terrorism Risk Reinsurance Company (Nederlandse Herverzekeringsmaatschappij voor Terrorisemeschade N.V., NHT). For further details, see the Terrorism Cover clause.

What is your insurance based on?

We will issue your insurance policy on the basis of the information you or your representative have submitted to us. You are obliged to answer all questions as comprehensively as possible. This also applies to the information you provide to us about a person to be co-insured.

Sanctions Act

We may refuse an application for supplementary insurance terminate a current supplementary insurance policy with immediate effect under the Sanctions Act 1977 (Sanctiewet 1977), the statutory requirements in which require (financial) institutions to safeguard their integrity and, by doing this, combat unwanted trade, money laundering and terrorism. The text of the Sanctions Act 1977 is available on wetten.overheid.nl.

Start date of the supplementary healthcare insurance policy

- Your insurance provisionally comes into effect on the date that we receive your application and will commence definitively as soon as we have accepted your application. The start date of your policy is stated on your policy schedule, which you can review via Mijn Zorg van a.s.r.
- After having taken out the policy, you have a period of 14 days to reconsider. During this period, you are free to cancel the insurance without any further obligations. In that case, we will refund in full any premium already paid. We will ask you to refund to us any amounts we already paid under this insurance.
- Your supplementary healthcare insurance is valid for an indefinite period of time. You are entitled to terminate your insurance policy on a yearly basis, with effect from 1 January of the subsequent calendar year.

When and how to amend your supplementary insurance policy

You can submit any changes to your supplementary health insurance to us via Mijn Zorg van a.s.r. or by phone. The resulting change in your cover will then be effective as of 1 January of the next calendar year. If you took out this supplementary insurance immediately following another supplementary insurance policy, your reimbursement will also depend on:

- any payments that you received under your previous supplementary insurance policy;
- the period during which you qualify for reimbursement.

Is it possible to take out supplementary insurance whilst living abroad?

The supplementary insurance can be taken out by anyone in the Netherlands is subject to insurance.

Are children below the age of 18 also insured?

A child below the age of 18 has the same level of supplementary insurance cover as the policyholder. Any changes to the policyholder's supplementary insurance therefore automatically apply to the supplementary insurance of the child.

What happens when my child turns 18?

Six weeks prior to the month in which your child turns 18, he or she will receive a proposal from us to take out an adult's insurance policy. If you do not respond to our proposal, we will charge a premium that corresponds with your existing supplementary insurance. In that case, the insurance will commence on the first day of the month following the month in which your child turns 18.

How is reimbursement calculated?

- The costs of care under supplementary insurance will only be reimbursed to the extent they are not reimbursed under your regular health insurance policy and provided that you satisfy all the conditions stated in the relevant articles, unless indicated otherwise.
- Costs that fall under the excess of the basic insurance will not be reimbursed.
- We will determine the reimbursement with reference to the year in which the first treatment took place. The reimbursement period is up to one year from the day of the first treatment.

What is the maximum reimbursement amount?

You qualify for reimbursement of the costs of care up to:

- the rate that was agreed upon with the contracted healthcare providers;
- the (maximum) rate established at the time under the Health Care (Market Regulation) Act (Wet Marktordening Gezondheidszorg);
- or, the maximum rate as determined by us, which we define as the average rate that has been agreed on for your treatment with our contracted healthcare providers. In many cases, this results in 100% reimbursement, however you may sometimes need to pay part of the invoice yourself.
- We reimburse paramedical care with non-contracted care provider up to a maximum of 75% of the average contracted rate.

What if we reimbursed a higher amount?

If we have paid a higher amount than the actual reimbursement amount, we shall be entitled to reclaim the excess payment.

Changes to the premium and the terms and conditions

Annual amendment

We are entitled to amend your premium and/or terms and conditions every year, effective 1 January.

Interim amendment

It is in everybody's interest for us to be able to meet (and continue to meet) our financial obligations in the future. For this reason, in exceptional cases, we may introduce interim changes to your premiums and/or terms and conditions if they cannot wait until the annual renewal date (e.g. if we are required by law to do so). 'Exceptional cases' also include the threat or existence of circumstances that may result in solvency dropping to below the statutory minimum if the changes are not implemented. Adverse developments in the interest and investment market or lower-than-expected operating results do not constitute exceptional cases.

Message with notification of changes

A revision of the premium and/or policy conditions will take effect no sooner than seven weeks after the date upon which the policyholder was notified to this effect. Before we change anything, you will receive a message from us containing information on the changes. Complaints regarding the implementation of the change will be subject to the customary complaints procedure.

Premium payments

You pay a monthly premium for your supplementary insurance policy with us. The premium should be paid one month in advance. The premium amount will be debited from your bank account automatically every month, at around the same date. If you opt to pay the yearly amount in full, we will issue a one-off advance collection order. If the policy is backdated when drawn up, the outstanding premium will be collected as a lump sum within 30 days. The amount of the premium is shown on the policy schedule issued to you.

If you make a payment without stating our payment reference, we will decide to which outstanding amount the payment will be credited.

Age-dependent premium at ZorgBeter and ZorgBest

How much premium you pay depends on your age. Do you exceed an age limit? Then the premium changes on January 1 of the following year.

Premium arrears

- If we are unable to debit the premium from your bank account, we will let you know that you have incurred 'premium arrears'.
- In the reminder, you will be urged to pay as quickly as possible – within no more than 14 days. If you fail to do so, we will send you another reminder stating that, if no payment is forthcoming, your supplementary insurance policy will be terminated.
- This means you will only be insured under your basic health insurance policy. Your annual subscription (if applicable) will also be discontinued.
- In addition, we will transfer the collection of your debt to the bailiff. From then on, you will be required to pay the amount due to a bailiff.
- We will also be authorised to set off the outstanding amount against any reimbursements due to be paid.

Excess arrears

- If your excess arrears amount to 35, 55 or 75 days, we will send you a reminder requesting that you pay the amount due as soon as possible.
- If the amount due has still not been credited to our account after 95 days, we will transfer the collection of your debt to a collection agency. From then on, you will be required to pay the amount due to the collection agency.

Premium refunds in relation to interim termination

If you decide to terminate your insurance policy early, you will qualify for a proportionate refund of the premium you have paid. However, this does not apply when you have committed fraud. In that case, we will terminate your policy.

Submitting healthcare bills

You will be required to submit your original healthcare bills to us within a period of three years following the treatment date. Make sure to submit the invoices in such a way that it will be clear to us which costs we need to reimburse, without having to make further inquiries. Invoices submitted digitally via our app or the my-environment qualify for fast-track payment. Invoices submitted separately (digitally) are processed faster than when multiple invoices are bundled together.

If you do not have the Mijn Zorg Ik kies zelf van a.s.r. App yet, you can download it [here](#) for Android or [here](#) for Apple.

To submit your bill online:

- Go to mijnzorg-ikkieszelf.asr.nl if you have an Ik kies zelf van a.s.r. policy
- Go to asr.nl/verzekeringen/zorgverzekering if you have an a.s.r. policy
- Login using your Mijn Zorg
- Upload a scan of the invoice.
- Submit the invoice.

Or:

- Print out and complete the 'Medical Expenses Claim Form'.
- Send your claim to:
 a.s.r. Zorgverzekering
 T.a.v. Afdeling Declaraties
 Postbus 2072
 3500 HB Utrecht

We may also decide to pay out the bills of healthcare providers who treated you directly to the healthcare provider concerned. All your expense claims are available for review at any time via Mijn Zorg Ik kies zelf van a.s.r. We will not pay the healthcare provider directly if the latter is subject to a statutory sanctions regime.

In the case of direct payment to the healthcare provider, we will pay out the full amount. We will also do so if the expense claim does not qualify for full reimbursement, for example because part of it is covered by your excess or in the event that a limited reimbursement scheme applies. We will then settle the excess or the amount in excess of the reimbursement scheme maximum with you directly.

What should you do when a third party is liable for costs you have incurred (recourse)?

In this case, you are obliged:

- to provide us with information and lend your cooperation with regard to seeking recourse against a liable third party;
- to contact us before entering into an arrangement with a third party or with a person operating on that third party's behalf, including the third party's health insurance company, about the damage incurred.

You are not allowed to enter into an arrangement (including discharge) that would limit our rights with the liable third party or with a person operating on that third party's behalf, including the third party's health insurance company, without our written permission.

If you fail to comply with one or more of the provisions of this article, you will be required to compensate us for the damage we have incurred.

If we recover the costs from the liable third party, we will not adjust the maximum reimbursements under the supplementary insurance in your favour.

Handling your personal data

We handle your personal data appropriately and with due care. We will only ask you to provide the personal data that we need in order to be able to:

- conclude and implement insurance contracts;
- prevent and combat fraud;
- provide you with commercial offers by email. If you do not wish to receive such offers, please let us know. To that end, go to Mijn Zorg van a.s.r.

When you visit our website:

- We will store the details of your visit and your own browser will save a cookie. This is done in order for us to ensure that the information we provide becomes increasingly relevant.
- You must use your DigiD to log into Mijn Zorg van a.s.r. By taking out a health insurance policy with us, you agree to a digital policy and to your data being secured using your DigiD. If you do not have a DigiD, you can request one from [DigiD.nl](https://www.digid.nl).
- You can review and change your personal details at any time via Mijn Zorg van a.s.r. Your details are password protected. You are responsible for keeping your password secret.

Do you prefer to receive correspondence on paper?

We will communicate with you using digital means. If you nevertheless prefer to receive an item of correspondence on paper, please submit a request to that effect to our Customer Service Department. You will receive the item of correspondence concerned on paper. Please note that such a request only applies to the specific item of correspondence concerned. You will receive all subsequent correspondence from us in digital form, as usual.

We abide by:

The Code of Conduct for the Processing of Personal Data by Financial Institutions (Gedragscode verwerking persoonsgegevens financiële instellingen) and the addendum for health insurance providers. For more information, please see our privacy statement on asr.nl/privacyverklaring.

If you believe that we have violated this code of conduct, please let us know. If this does not lead to a satisfactory outcome and you still believe that we are not observing the code of conduct, you can report the case to the Financial Services Complaints Tribunal (KIFID). Please note that any telephone calls or conversations to us may be recorded for staff training purposes. We may decide to change the text of this privacy statement, for example in connection with the launch of financial services governed by different rules.

Applying for authorisation

In some cases, it may be necessary for you to apply for authorisation. To do so, you should always contact us on +31 (0)30 699 79 30.

Any authorisation we issue:

- is only valid for the period of the insurance policy;
- will be subject to changes in laws and regulations.

Our approach to healthcare

Our aim is to reimburse the costs of the care covered by your insurance. At the same time, we wish to keep your premium as low as possible. We can achieve this by, for example, conducting random tests to check whether the care we have reimbursed was actually the proper care for the insured party concerned. We conduct all random tests in accordance with the rules laid down in the Healthcare Insurance Act.

Detention provisions

Your insurance and annual subscription will be suspended for any period during which you are detained. Your rights and obligations will be reinstated as soon as the period of detention ends.

Under what conditions will we terminate your supplementary insurance policy and annual subscription?

- We will terminate your supplementary insurance policy if you refuse to pay your premiums, personal contributions or other amounts owed, or if you fail to pay them in time.
- We will terminate your supplementary insurance policy if you did not comply with your duty of disclosure.
- We will terminate your supplementary insurance policy if you tried to mislead us and we would never have entered into the supplementary insurance contract with you if we had had the correct information.
- Your insurance will end on the date stated in the notice of termination.
- If it is established that you have committed fraud or that you have deceived us, your insurance will end with effect from the date of the relevant letter of notification. This may be a reason for us to also terminate any other insurance policies you have taken out with a.s.r. In addition, we will report the matter to the police and enter your details in one or more registers that can also be consulted by other insurance companies.
- If, upon and/or after acceptance of the insurance application, it appears that you are listed in the External Referral Register maintained by the Central Information system Foundation (Stichting CIS), we may decide to terminate your supplementary insurance retroactively from the commencement date.

When and how to terminate your insurance policy

- You can do so online via Mijn Zorg van a.s.r. by 31 December at the latest.
- You can use the transfer service to switch to another health insurance provider.
- The Dutch Healthcare Authority (Nederlandse Zorg Autoriteit, NZa) has informed you that we have failed to meet the provisions of Section 15.f of the Processing of Personal Data in Healthcare (Additional Provisions) Act (Wet aanvullende bepalingen verwerking persoonsgegevens in de zorg). In that case, we need to have received your notice of termination within six weeks of the NZa's message.

If you do not terminate your supplementary health insurance policy, it will be renewed automatically for another year.

Under which circumstances will your insurance policy terminate automatically?

Your insurance policy will automatically be terminated in the following cases:

- in the event of your death (your next of kin must inform us of your death within two months after your death);
- once you are no longer co-insured under the Long-Term Care Act (unless we have entered into another agreement with you);
- when you join the military as a regular soldier;
- we announce our intention to withdraw the insurance policy concerned from the market or to no longer offer it one month after the date of that announcement.

Applicable law

This agreement is governed by Dutch law.

What you can expect from us?

You can expect us to:

- be reasonable;
- respect you;
- trust you;
- aim to reimburse the costs of the care covered by your insurance;
- work with you in order to find a good solution if and when you need care.

What we expect from you

We expect you to:

- be honest;
- respect us;
- take all reasonable measures to prevent damage and the need for care;
- inform us within 30 days of any and all events that may be of significance for the proper implementation of the insurance
- - by this we mean at least:
 - if your insurance obligation ends;
 - if your account number/IBAN changes;

- if you are going to stay abroad for a long time;
- if you move house
- if you are detained under a court order;
- if your detention ends.
- Quickly report the birth of a child to us. If the birth is reported to us within 4 months, we can retroactively insure your child up to the day of birth. All healthcare costs incurred in the meantime will then be covered by the insurance. If the birth of a child is not reported to us until after four months, the insurance takes effect on the day we receive the report. If the child has already incurred healthcare costs by then, they will remain at the parents' expense.
- report any and all events to us that may potentially result in an obligation on us to pay a claim as soon as possible;
- provide us with all information required for the assessment of our obligation to pay claims as soon as possible;
- fully cooperate and refrain from everything that might harm our interests;
- always contact us first before reaching a settlement with a liable third party;
- ensure that your bank balance is sufficient for us to debit the premium automatically each month.

What happens if you fail to meet these expectations?

This may result in our:

- cancelling your entitlement to a claim;
- demanding compensation for the damage or loss we have incurred;
- discontinuing or permanently cancelling your supplementary insurance policy and annual subscription.

Procedure for cases of fraud

Duty of cooperation

Under the Healthcare Insurance Act and the Incidents Warning System for Financial Institutions Protocol (Protocol Incidentenwaarschuwingssysteem Financiële Instellingen), for the purposes of fraud investigation, we are entitled to monitor the content of your insurance application, your personal data in our systems and your claims.

Under the Healthcare Insurance Regulations, we are obliged to conduct material checks and fraud investigations in accordance with the requirements in the Regulations. You are obliged to cooperate in this regard. If you refuse to cooperate, we will be unable to acknowledge your statements and will be required to draw unilateral conclusions.

Personal data

For the purposes of fraud investigation, we will register your personal data as well as those of any accessories or co-perpetrators in our Incident Register. The Incident Register is lodged with the Dutch Data Protection Authority, and is administered by the Healthcare Security Team.

Health insurers actively collaborate on fraud management

The Healthcare Insurance Act, the Long-Term Care Act and the Health Care (Market Regulation) Act authorise health insurance providers to exchange information among themselves for monitoring and fraud management purposes. We also share certain indications with sector partners to combat fraud, such as the Dutch Healthcare Authority (NZa), NLA and the Fiscal Intelligence and Investigation Service (FIOD), with due observance of Article 06.01 of the General Data Protection Regulation (GDPR). This information exchange may take place directly, or via the Association of Dutch Health Insurers. The GDPR sets out the way in which personal data may be processed.

Lapsed right to claims

No payments for claims will be made while a fraud investigation is underway. If the investigation reveals proof of full or partial fraud, you will no longer be entitled to reimbursement for any healthcare costs. This means we will either reject and refuse to pay the relevant claim(s) or recall the payment(s) already issued. Cases of partial fraud will void the right to compensation for the entire claim, including the portion in which no fraud was involved. We will also charge investigation costs in accordance with Section 6:96 of the Dutch Civil Code.

Sanctions

If you and any accessories/co-perpetrators are found guilty of fraud, we are entitled to:

- issue an official warning;
- place an internal alert;

- terminate your healthcare insurance with immediate effect. This means we will:
 - refuse to grant you a new Basic Insurance policy for a five-year period. In such cases, other health insurance providers will be obliged to accept your application for basic insurance;
 - refuse to grant you any supplementary or other insurance policies from a.s.r. for a period of eight years;
- discontinue your contractual relationship and terminate all current insurances with the brands of a.s.r. and its authorisations;
- register your personal data in the External Referral Register maintained by the Central Information System Foundation (Stichting CIS);
- register your personal data with the Insurance Fraud Bureau (Centrum Bestrijding Verzekeringsfraude) of the Dutch Association of Insurers;
- commence a request for criminal proceedings by submitting a report to the police or another investigative body;
- reclaim healthcare and other costs involved in fraud.

Reconsideration of a decision and complaints

Reconsideration

In the event that you do not agree with a decision made by us, you may request that we review and reconsider our decision. You do this by submitting your authorisation again and adding new medical information. You can submit via asr.nl/service/zorgverzekering-upload. Alternatively, you may send a letter to Ik kies zelf van a.s.r., attn. Medical Department, PO Box 2072, 3500 HB Utrecht (the Netherlands) or call us on +31 (0)30 699 79 30. In all cases, please clearly state that your correspondence concerns a request for reconsideration.

SKGZ

If we fail to respond to your request for reconsideration within four weeks or have indicated the intention to adhere to our decision, you may turn to the Dutch Health Insurance Industry Complaints and Disputes Authority (Stichting Klachten en Geschillen Zorgverzekering, SKGZ). The SKGZ offers mediation services in order to solve problems. If mediation fails to produce satisfactory results, the Disputes Board of the SKGZ may issue a binding decision. You may also bring your request for reconsideration before the competent court.

Complaints

If you have a complaint, please use the complaints form available on asr.nl/over-asr/klachtenformulier. Alternatively, you can call us (+31 (0)30 699 79 30) or send a letter to Complaints Office, PO Box 2072, 3500 HB Utrecht (the Netherlands).

If you are dissatisfied with the way we have handled your complaint, you may consider submitting your complaint to the SKGZ.

You may also bring your complaint before the competent court.

This agreement is governed by Dutch law.
